

NLI PACKAGING MACHINES PRV. LTD. (NLI India) Exhibiting at “PlastIndia 2026”

NLI PACKAGING MACHINES PRV. LTD. (NLI India) will exhibit at PLASTINDIA 2026 (The 12th International Plastics Exhibition & Conference), an international trade fair for the plastics and rubber industries, to be held at Bharat Mandapam, New Delhi, from February 5 to 10, 2026.

Experience the future of plastics at PLASTINDIA 2026, the world's premier exhibition themed 'Bharat Next', where global innovation meets India's dynamic manufacturing rise.

As one of the fastest-growing hubs for plastics, India welcomes international visitors to explore cutting-edge advancements in processing machinery, moulds and dies, raw materials, automation, and finished products.

This edition goes beyond showcasing—it immerses you in the technologies transforming the industry, using AI-powered maintenance, automated quality control, smart supply chains, and process optimization that redefine efficiency and sustainability.

At the previous PLASTINDIA in 2023, the exhibition featured over 2,000 exhibitors and more than 500 live demonstrations, attracting approximately 360,000 industry professionals from around 80 countries in India and abroad.

At PLASTINDIA 2026, NLI India will showcase its industrial sewing machines, along with bag-making machines, automated equipment, and printing machines. We warmly invite you to visit our booth and explore new business opportunities in India, one of the world's fastest-growing economies.
